Our Vision is
BOLD
Our Mission is
URGENT
Our Impact is
UNSTOPABLE

OUR VISION

To continue investing in the development of safer, more effective treatments with fewer side effects, advancing the most significant breakthroughs in pediatric cancer worldwide.

OUR MISSION

To provide children with access to life-saving treatments, fund pediatric cancer research, move new discoveries into patient care, and support families throughout the journey to a cure.

Science is the Cure to Saving Children's Lives.

THE KBC PROMISE

At Kids Beating Cancer, we believe no family should fight alone.

We are the only nonprofit of our kind in the U.S. supporting children through every phase of their journey — from diagnosis to treatment to survivorship — while advancing research that brings us closer to cures.

Our Promise is threefold:

- Funding advanced research to accelerate discoveries into treatments and cures.
- Ensuring access to cutting-edge care so every child has the best chance at life.
- Surrounding children and families with compassionate support, easing burdens and restoring hope.

Together, we honor John's legacy by keeping his heart alive in every child we serve.

WHY KIDS BEATING CANCER EXISTS

Kids Beating Cancer exists for one reason: to make cures possible.

By removing financial, logistical, and emotional barriers, we give families the freedom to focus on what matters most—helping their child survive and thrive.

We stand as a champion for these brave children and their families, fighting every day for one powerful outcome: that no child dies before experiencing the joy of life.

At the heart of our mission is one unwavering purpose: Saving Children's Lives.

THE EVENT

Join the Villages Chapter of Kids Beating Cancer on Tuesday, February 23, 2027, for *Miracles & Mardis Gras*, an evening of hope, celebration, and lifesaving impact.

A group of women with the desire to bring hope and make a difference in the lives of children diagnosed with cancer have connected with Orlando based Kids Beating Cancer charity organization to start a chapter in The Villages. Each with their own personal reason for dedicating their time and talents to this organization, these women set their sights on creating fun, exciting and memorable events to raise funds for this worthy cause. This fourth event, “Miracles & Mardis Gras” is a New Orleans Mardis Gras-themed dinner to be held on February 23, 2027 at the Brownwood Hotel & Spa.

Enjoy a three-course dinner and drinks alongside live entertainment, silent and live auctions—while helping raise critically needed funds to bring tomorrow’s cures and save children’s lives.

Through your support of this event, we will not just treat but create cures for children through innovative research that will be at the forefront of treatments anywhere in the world.

How Your Dollars Are Saving Children's Lives

Kids Beating Cancer provides ACCESS to the latest treatments offering the best hope for a cure for children with cancer, leukemia, and related life-threatening blood diseases.

- 1** Funding the establishment of the first pediatric transplant center in Central Florida so no child and family would have to leave Central Florida to receive treatment – through the Kids Beating Cancer Pediatric Transplant Center at AdventHealth for Children
- 2** Funding the latest advancements in treatments through Cellular Therapy technology at the Kids Beating Cancer Cellular Therapy Facility at AdventHealth Orlando
- 3** Funding innovative novel pediatric cancer research at top research institutions nationwide to advance future treatments and cures, moving new discoveries to patient care
- 4** Supporting the children and families in Central Florida throughout their treatment process, while in the hospital and their outpatient follow-up years

With Your Support
**We Are Building
The Cure**

CHILDREN'S PROGRAMS

Comprehensive, Compassionate Support

Because joy and laughter are not luxuries, they are part of healing. Every year, Kids Beating Cancer provides hundreds of children with programs designed to ease the burdens of cancer treatment and stem cell transplant — offering comfort, hope, and healing when families need it most.

Food for Families - Providing stocked pantries and delivered meals so parents can stay at their child's bedside without worrying about the cost of food.

My Room Program - Transforming sterile hospital rooms into joyful, personalized spaces filled with the things children love most.

Blinky Snuggle Box - Sending children nationwide comfort kits with Blinky the bear, blankets, clothing, and family resources.

Heart of John - In memory of John Voight, we provide families with \$100 financial gifts on meaningful days — offering relief, remembrance, and love.

Blinky & Friends Celebrations - Bringing themed parties, laughter, and magical moments — reminding children they deserve to celebrate, even in treatment.

RESEARCH PROGRAMS

Bringing the Future of Pediatric Cancer Treatment to the Bedside

Clinical Trials

For children with high-risk, relapsed, or treatment-resistant cancers, clinical trials are often the only hope for survival. Yet most pediatric trials remain underfunded. Kids Beating Cancer fills this urgent gap.

What we fund

- Institutional trials offering cutting-edge treatments
- Direct trial access for individual children in urgent need
- Innovative studies reducing side effects and improving quality of life

Our Impact

Children gain real-time access to lifesaving therapies while staying close to home and family.

Building the Blueprint for a Cure - We fund high-impact research projects that move discoveries from bench to bedside.
